Description Of Work:	Badger was prompt and professional. He moved our existing garage from it's original location to a cement pad further back on our property. It was quite a feat and amazing!		
Member Comments:	I was very nervous as I had never seen a building being moved before. I was quickly calmed due to Badger's professional manner, he's very good at what he does! He very meticulously and carefully moved our garage back inch by inch to it's new permanent home. I was amazed watching him place such a large structure so precisely as there was truly no room for error. He was fantastic at moving our garage and I would definitely hire him again in the future. Thanks Badger!
