Hire Again:	Yes	Punctuality	A
Approximate Cost:	\$3,000.00	Professionalism	A
Description Of Work:	The garage was moved off the old concrete slab in order that the existing slab could be removed and replaced with a new slab. The the garage was moved back onto the new slab and secured in place.		
Member Comments:	The move was performed with out a hitch. This was a large structure, 24' x 24' and had to be moved off the concrete slab so the old and severly cracked slab could be replaced. The whole garage was off the ground for about 2 weeks while the new slab was poured and cured. It was quite amazing how this was all performed and I had several nieghbors come by asking "How did he do that?" Badger was great to work with, he was professional, on time and on budget.		
Share on Band of Neighbors:	Yes		
Company Response:	Thanks a million for the review! I really appreciate it. and thanks for the opportunity to do the work for you. Badger
